

Latex & Mylar Balloons

UB Party Rentals carries only Qualatex Latex brand balloons (the very best). And we have a large selection of balloons in most all sizes (5", 11", 16", 3ft., 5ft., & 7ft.), shapes, colors, types, and for most all occasions. We treat our latex balloons with Hi-Float which makes them stay fresher for a longer period of time. We can create any type of arrangements for example: Table Top Bouquets, Floor Bouquets, Balloon Arches, plus we can construct various balloon structures themed to your event! Simply ask!

Helium

Perhaps you would like to inflate your own balloons? We carry different sizes of Helium tanks. Ask about our sizes and availability. For long term helium use, ask about our Rental Accounts.

Balloon Delivery

No more worries about driving in your car with balloons obstructing your driving view, popping, or flying out! Let us deliver them safely in our company vehicles. We can deliver any quantity or size!

Banners

We can create banners for any event, for indoor or outdoor use. Make a statement at your party, announce a new arrival, or honor a loved one. Mail one around the country to have everyone sign and pass it on for a memorable keepsake.

Wedding and Event Decorating

Have your event professionally decorated. Our services are also available for complete table set up.
